LOGISTICS

243

244

ONE WAY

The image shows a top-down view of a warehouse floor. Large, white, three-dimensional letters spell out 'LOGISTICS' across the center. Several workers in high-visibility vests and hard hats are visible, some standing near pallets and others near a forklift. On the right, a worker is standing near a pallet. In the upper right, a worker is standing near a pallet. In the lower right, a worker is standing near a pallet. The ceiling features several large, white, diamond-shaped signs. One sign displays the number '243' above a red oval with a white vertical bar. Another sign displays the number '244' above a blue square with a white arrow pointing up and the text 'ONE WAY'. The floor is marked with yellow lines and yellow rectangular markers.

Abbott Signs

A high-angle, grayscale photograph of a warehouse floor. A worker wearing a yellow high-visibility vest and a yellow hard hat is pushing a pallet jack. The pallet jack is carrying a wooden pallet with several large, rectangular boxes stacked on it. The worker is walking on a concrete floor marked with yellow rectangular safety lines. In the background, there are tall metal shelving units filled with more boxes. The overall scene is industrial and focused on logistics.

Since 1989 Abbott Signs have worked closely with logistics companies, both locally and nationally.

We specialise in producing high quality, well designed signs that display your messages in the clearest way possible.

To ensure customer satisfaction, design proposals are submitted for your approval prior to production. All designs are stored in our database for future reference.

If you think we can help you, please give us a call.
